Message from the President

“Be thankful for what you have; you'll end up having more. If you concentrate on what you don't have, you will never, ever have enough” Oprah Winfrey

We have so much to be thankful for and we should be thanking our great Devine daily, if not several times a day! Remember earlier this year there was a huge shortage of toilet paper, be thankful we have plenty now.

Have you ever had to wonder where your next meal was coming from - be thankful you have food on your table. Remember being without power during a hurricane - be thankful you have electricity. Our blessings go on and on and on... and we so often take them all for granted. Please take a little time out of your day to give thanks for all we have!

*Warmest Regards,
Debra R. Buff, MMC
2020-2021 FACC President
City Clerk, City of Belle Glade*

Highlight

We will be highlighting a different member each week to share "what it means to be a member of FACC" for that person.

Today, enjoy reading about **Daren Hamberger, Deputy Clerk/Records Information Analyst (RIA), Village of Indiantown.**

I began my career in information technology (IT) and then moved into records management. Most of my twenty-five plus years of job experience has been in the records and information management field; this spans the legal, medical, corporate and governmental industries. My focus has been in creating document management systems, writing policies, procedures and record retention schedules. I am now lucky to be working for the Village of Indiantown for over a year. For the past decade, governmental agencies have raced to implement social media platforms for public communication. Today, nearly every municipal government utilizes a variety of social media tools, from Facebook to Twitter to Instagram. As a result, new challenges have emerged in the management of this information as a public record. This session explores social media as a public record and how this important tool fits into a municipality's records management program. Topics to be discussed include, records program requirements, resulting challenges, policy development, elected official usage, and records retention.

Presenter: Matt Daugherty, CRM, Executive Vice-President, SML, Inc.

Moderator: Robert E. Lee, DPA, ICMA-CM, Assistant Professor, MPA Program Coordinator, Florida Gulf Coast University and Executive Director, Center for Florida Local Government Excellence, The John Scott Dailey Florida Institute of Government

This program has been approved by IIMC for 2 hours (1 point) of CMC/MMC credit. A completed Ideas to Action (ITA) form is required to receive education credit.
